

Request for Proposals – Variety Trials 2021

The Manitoba Crop Variety Evaluation Team (MCVET) requests proposals for the planting, maintenance, harvesting and sub-sampling of their Variety Evaluation Trials for the 2021 season.

- Sites – in the vicinity of the towns of Arborg, Boissevain/Killarney, Dauphin, Hamiota, Neepawa, Swan River, Thornhill and Winkler/Altona. Contractors are to arrange for the appropriate land and pay land rent.
- Plots – it is anticipated that there will be between 400-500 individual plots divided into a maximum of 5-7 crop kinds per site.
- All plots are to be planted, maintained, harvested and sub-sampled as per MCVET protocols.
- Tenders can be for one or more sites.
- Lowest tenders not necessarily accepted.

Must be received by Friday January 29th, 2021 at 4:00 pm to:
